Experience

Lensa Software
Fullstack Developer
July 2025 - Present (1 month)
Jakarta Barat, Jakarta Raya, Indonesia

Himpunan Mahasiswa Departemen Teknik Informatika (HMDTIF)
FILKOM UB
2 years 2 months

Supervisor of Advocacy and Welfare Department
December 2024 - Present (8 months)
Kota Malang, Jawa Timur, Indonesia

As a Supervisor of the Advocacy and Welfare Department at FILKOM UB, I oversee communication between students and the administration, ensuring their voices are heard and addressed effectively. Building on initiatives like the Aspiration Network program, I lead efforts to advocate for student welfare and foster a supportive, collaborative academic environment. My role focuses on driving impactful change and enhancing the overall student experience.

Head of the 2022 Informatics Engineering Cohort, FILKOM UB
June 2023 - Present (2 years 2 months)
Kota Malang, Jawa Timur, Indonesia

As the Head of the 2022 Informatics Engineering Cohort at FILKOM UB, I led efforts to foster a cohesive academic community by facilitating communication between students and faculty. My role involved representing the cohort's

needs, organizing initiatives to enhance collaboration, and promoting student engagement and academic growth within the program.

Head of the Advocacy and Welfare Department

February 2024 - December 2024 (11 months)

Kota Malang, Jawa Timur, Indonesia

As a leader of the ADVOKESMA Ministry at FILKOM UB, I facilitate communication between students and the administration. Through our flagship Aspiration Network program, I help ensure student voices are heard and addressed. Our task are advocating for student needs and promoting a collaborative academic environment.

Coding Camp powered by DBS Foundation

Machine Learning Engineer Cohort

February 2025 - July 2025 (6 months)

Selected as one of 2,500 cohorts from 63,356 registrants for an intensive program offering scholarships in Machine Learning. The curriculum includes python, SQL, data visualization, capstone project, along with soft skills, English, and financial literacy. The program prepares students for careers in tech and startups, providing hands-on experience in machine learning especially in making data visualization and training data.

Outlier

AI Writing Consultant

November 2024 - March 2025 (5 months)

Kota Malang, Jawa Timur, Indonesia

As an AI Writing Consultant at Outlier, I provided expertise in leveraging artificial intelligence tools to enhance writing quality and efficiency. My role involved guiding clients in using AI for content creation, editing, and optimization, ensuring that the output met high standards of clarity, creativity, and engagement. I helped streamline the writing process while maintaining a strong focus on achieving client goals and delivering impactful written materials.

PT. Agroindo Cipta Sejahtera

Project Manager Team Lead

March 2024 - March 2025 (1 year 1 month)

Jawa Timur, Indonesia

As the Project Manager Team Lead at PT. Agroindo Cipta Sejahtera, I oversaw the planning, execution, and delivery of strategic projects to ensure alignment with company goals. My role involved leading cross-functional

teams, managing resources, and implementing effective strategies to drive project success. I focused on fostering collaboration, meeting deadlines, and delivering high-quality outcomes to support the company's growth and innovation.

PMK Daniel - FILKOM UB

1 year 5 months

Kota Malang, Jawa Timur, Indonesia

Wakil Ketua

August 2023 - January 2024 (6 months)

Kota Malang, Jawa Timur, Indonesia

BIOS Filkom UB

Head of Competition Division ORSEN 2024

August 2024 - November 2024 (4 months)

Kota Malang, Jawa Timur, Indonesia

As the Head of the Competition Division for ORSEN 2024 at BIOS FILKOM UB, I led the planning and execution of competitive events, ensuring a well-organized and engaging experience for all participants. My role involved overseeing team coordination, developing event structures, and fostering a spirit of sportsmanship and excellence within the academic community.

AIESEC in Universitas Brawijaya

AIESEC Future Leader Coach

April 2024 - June 2024 (3 months)

Kota Malang, Jawa Timur, Indonesia

As a Future Leader Coach at AIESEC in Universitas Brawijaya, I mentored and guided aspiring young leaders to develop their personal and professional skills. My role included providing tailored coaching sessions, fostering growth in leadership capabilities, and supporting participants in achieving their goals within AIESEC's dynamic and impact-driven environment.

AIESEC in Universitas Brawijaya

AIESEC Future Leader Delegates

October 2023 - December 2023 (3 months)

Kota Malang, Jawa Timur, Indonesia

As a Delegate of the AIESEC Future Leaders Program at Universitas Brawijaya, I participated in a structured leadership development journey

focused on personal growth, professional skills, and global-mindedness. Through this program, I engaged in experiential learning, collaborative projects, and leadership challenges to prepare for impactful contributions in diverse and dynamic environments.

BIOS Filkom UB

Staff of Competition PORSIMABA 2023

September 2023 - November 2023 (3 months)

Kota Malang, Jawa Timur, Indonesia

As a Staff Member of the Competition Division for PORSIMABA 2023 at BIOS FILKOM UB, I contributed to organizing and managing competitive events aimed at fostering student engagement and showcasing talents. My responsibilities included planning, coordinating, and ensuring the smooth execution of various competitions, creating an inclusive and dynamic environment for participants to excel.

Eksekutif Mahasiswa Informatika

Head of the 2022 Informatics Engineering Cohort, FILKOM UB

October 2022 - June 2023 (9 months)

Kota Malang, Jawa Timur, Indonesia

As the Head of the 2022 Informatics Engineering Cohort at FILKOM UB, I led efforts to foster a cohesive academic community by facilitating communication between students and faculty. My role involved representing the cohort's needs, organizing initiatives to enhance collaboration, and promoting student engagement and academic growth within the program.
